## **FAU HIPAA TRAINING**

HIPAA (Health Insurance Portability and Accountability Act) training is required for medical students handling confidential medical data in accordance with HIPAA-related policies.

HIPAA training is provided by the Skillsoft platform available at <https://floridaatlantic.percipio.com/>.

Log in with your FAUNet ID and click on "My Training" in the top navigation bar. This training is only available on desktop and laptop computers. Due to reported performance issues, we recommend against using the Microsoft Edge browser.

For any questions, please submit a ticket here:

<https://helpdesk.fau.edu/TDClient/Requests/ServiceDet?ID=15875> or e-mail [security-training@fau.edu](mailto:security-training@fau.edu)

Once you have completed the training, take a screenshot of the page showing your completion, including the date and time, and upload to Complio. Please note: you must submit either certificates or completion status reports for BOTH HIPAA Privacy Essentials AND HIPAA Security Rule for Covered Entities trainings OR the HIPAA Refresher, which includes both trainings.

**PLEASE NOTE!** Every document submitted to Complio will go through at least two rounds of reviews. Complio completes an initial review and will either accept or reject the submission; however, the COM Compliance Coordinator will then complete a more thorough review to ensure that each document meets COM standards so that we can attest to your compliance. It is not unusual therefore, to have a document accepted initially and then rejected later in Complio. Due to this, it is important to keep an eye on your Complio tracker and email notifications so that you can edit and re-submit any rejected documents. Please also note that if your document is rejected in Complio, it is important to read the reason for the rejection and correct your document accordingly. Please do not simply upload the same document again without making the indicated changes. You should also check your document once it is uploaded to ensure that it has not shown up as blank or illegible. If you think your document was mistakenly rejected or you do not understand what you need to do to fix it after reading the instructions, please contact Jessica Gray at [jlgray@health.fau.edu](mailto:jlgray@health.fau.edu). It is also important to note that several requirements in Complio will require you to upload your documentation to more than one section of that requirement, even if it is the same form. For example, you need to upload your M1 Immunization Form for both dose 1 and dose 2 of the MMR vaccination requirement for it to be approved. If you do not upload your form to all pertinent portions of a requirement, it cannot be approved.

**QUESTIONS?** Contact the Office of Student Affairs at [COMStudentAffairs@health.fau.edu](mailto:COMStudentAffairs@health.fau.edu) or Jessica Gray, Medical Student Affairs Compliance Coordinator at [jlgray@health.fau.edu](mailto:jlgray@health.fau.edu).
